Installation

⊖ Step 1. Install Receiver

❸ Power adapter
❷ USB
❶ HDMI
① Connect an HDMI cable from a display to the HDMI IN port of the Receiver.
② Connect a USB cable from a touch device to the Touch IN USB port of the Receiver.
③ Connect the Power Supply that is included, in the Power In port of the Receiver.

⊖ Step 2. Install Transmitter

① Remove the Touch USB Dongle from the Transmitter.
② Insert the Dongle into the USB In port of your laptop or PC.
③ Connect the Transmitter to the HDMI out port of laptop or PC.
   Use the HDMI extension cable provided if needed.
④ Slide the power switch to the left to turn power ON and the Status
   LED will be lit in blue.
⑤ Press the Transmit button and an image will appear on the
   display device of which the Receiver is installed.
   - If multiple Transmitters are connected, the corresponding
     screen of the Transmitter that has just been clicked will appear,
   as part of the product's integrated switching function.

**For first use : Please find the instructions to pair transmitter with
                  receiver in the User Manual of the Receiver,
                  or on www.i3-learning.com**

Pairing Receiver and Transmitters

⊖ 1. First time paring

PAIR

Pair the transmitter with the Receiver by entering pairing mode in the Settings

① Connect the Touch USB dongle to the USB port of laptop or PC.
② Press and hold the Transmit Button, while switching the power switch to ON. Keep holding the Transmit Button for 10 more seconds.
③ Wait until the status LED starts flashing blue..
