

## ProDVX DS-100 Desk Stand

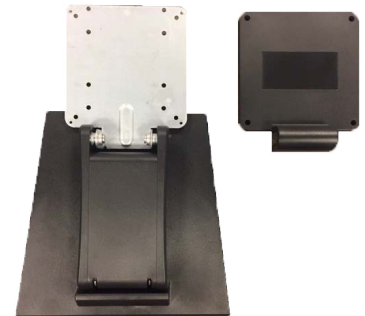

instruction manual

The ProDVX DS-100 Desk Stand contains the following parts:  
1 x Desk Stand (VESA 75/100)  
4 x long VESA screws  
4 x short mounting screws

1) Place the DS-100 Desk Stand on a solid surface and turn the Desk Stand arm wide open with a strong hand.

2) Remove the black VESA cover.

3) Place the ProDVX screen with the display facing the desk and lay the DS-100 Desk Stand on top of the VESA holes on the backside of the display and mount the VESA by using the 4 long VESA screws, until you feel resistance.

4) Place the black VESA cover on top of the DS-100 Desk Stand and mount the VESA cover by using the 4 short mounting screws.
